

Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Ideation Phase: Define the Problem Statements

Date:	October 3, 2026	Maximum Marks:	4 Marks
Team ID:	SWTID-2026-2585	Project Name:	Standard Laptop Automation

Customer Problem Statement Template

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

Problem Statement Table

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A member of the IT procurement team	Efficiently process and manage standard laptop orders for employees	Manual tracking and oversight cause delays in task assignment and configuration	The current procurement process lacks automation to route requests directly to the hardware team	Frustrated and overwhelmed by repetitive manual overhead and slow response times
PS-2	An employee / end-user requesting a standard laptop	Receive my configured laptop promptly to start working without interruptions	The setup and delivery process is slow, opaque, and prone to administrative bottlenecks	Configuration tasks are not automatically triggered or assigned immediately upon approval	Frustrated and delayed in my daily productivity due to prolonged waiting periods
